FOR IMMEDIATE RELEASE

FIRESIDE GAMES ANNOUNCES 2015 PRODUCT RELEASES AT GAMA TRADE SHOW

Fireside Games is excited to announce our 2015 product release schedule! We have three new products scheduled to hit store shelves this year.

Our first release this year is *The Dark Titan*, the second expansion to our popular cooperative game *Castle Panic*. *The Dark Titan* features new Monsters, new cards, and new support tokens. The main threat is Agranok, the Dark Titan who has escaped exile and returned to exact his revenge on your Castle. *The Dark Titan* requires *Castle Panic* (2009) to play and takes approximately 1 hour. The game supports 1 to 6 players, ages 12 and up, and retails for \$14.95. It is also compatible with *The Wizard's Tower* (2011) for an even greater challenge. *The Dark Titan* releases April 1.

Keep calm and roll on this summer when our fast and furious dice game *Bears!* (2011) gets its own expansion. *Bears!: Trail Mix'd* gives you 6 new rules for the original game to really mix things up. This expansion features a die that is rolled before each round, changing up the rules that affect pairing and scoring for even more versatility and unexpected results. It accommodates 2 or more players, is recommended for ages 7 and up, and retails for \$4.95. *Bears!: Trail Mix'd* is available in June 2015.

This autumn you'll fall under the spell of our brand new game, *The Village Crone*. Immerse yourself in the medieval village of Wickersby as you vie with other witches for the venerable title of Village Crone. Worker placement and resource management are key as you use your familiars to gather ingredients and cast spells on the villagers to achieve goals and score victory points. *The Village Crone* features a modular game board for a new experience every time. It retails for \$49.95, accommodates up to 6 players, ages 13 and up, and features a solo play option as well.
